# Beeswax Food Wraps

Plastics can take decades or even centuries to decompose. Make your kitchen greener by learning how to make reusable food wrappers from beeswax. Materials are supplied and participants will take home their finished products. Registration is required.

**Monday, November 7, 2-3 p.m.**

**Senior Resource Center,  
next to Pungo-Blackwater Library  
757-385-0150**

Customers may request a reasonable accommodation for programs. Requests must be made directly to the branch manager at the time of program registration, but no later than 48 hours before a scheduled event.
