# Meet the Artist: Don Malpass

Celestial Images: Reverse Glass Space Paintings by Don Malpass, Jr.

A longtime Star Trek and Star Wars fan, Don Malpass, Jr., began building model spaceships 30 years ago. His intricate models are in the collections of several Star Trek actors, including William Shatner, Nicelle Nicols, and Robert Picardo.

Don then ventured into reverse glass paintings, which will be featured in his show at Central Library in January 2023. The paintings are mixed media in multiple layers to achieve the depth of space and the 3D look of the planets, which results in beautiful images that change when viewed from different angles

Meet the artist at Central Library on January 4, from 6-7:30 p.m.

Adults. No registration.

**Wed. 1/4 @ 6:00 pm– 7:30 pm**

Customers may request a reasonable accommodation for programs. Requests must be made directly to the branch manager at the time of program registration, but no later than 48 hours before a scheduled event.
